Guthrie Davis Henderson & Davis selects Omega

PHOENIX—May 1st, 2008—After an extensive search and evaluation process, the North Carolina law firm of Guthrie, Davis, Henderson & Staton, P.L.L.C. has selected Omega Legal as the firm's new Financial and Practice Management system. Omega Legal will be used to run the firm's legal and financial operations, including time entry, billing, accounting, collections, financial reporting and client reporting.

"Ensuring that we would receive great customer support from our new vendor was a huge issue for us when deciding which vendor to select," explained Ms. Bobbie Bowen, Office Manager for the firm. Also, we wanted "system speed, dependability, not going backward in what our current system offered and the added ability to do task code reporting as well as electronic billing," continued Ms. Bowen. "We also knew we didn't want a system that required a lot of maintenance to keep it running smoothly. Omega provided all of that."

Established in 1992, the Charlotte, NC firm specializes in Trial and Appellate Practice in State and Federal Court, Litigation of Personal Injury, Premises Liability, Product Liability, General Civil Practice, Business Representation, Commercial Real Estate, Taxation, Estate Planning, Interstate Land Sales and Regulation, Corporate Law, Zoning and Land Use, Alcoholic Beverage Control, Media, Communications, Libel, Defamation, Banking, Probate and Construction.

Omega Legal Systems, Inc. (www.OmegaLegal.com) in Phoenix, Arizona has been providing legal and professional services firms nationwide with fully integrated Financial and Practice Management Systems for more than 30 years. More than 12,000 legal professionals throughout the U.S. rely on Omega Legal every day to run their business operations efficiently and profitably.
